The cost of living has increased significantly and will have an extremely impact on our family. We moved to Maricopa for the low price on housed, yet the utilities continue to rise and affect our family. Food, electricity and other necessities are having to be cut down because of all of the other costs, and if this increase goes on, we may have to start looking at other locations to live. Please consider the Maricopa is full of families with young children and it is important that we create a great environment for our growing community.
